Re: Gary Savard

I have had the pleasure of working with Gary for almost 15 years at a variety of events including Fairs and First Night Celebrations. Gary has always gone well above what he has been contracted to do, he invests himself fully into the event by going that extra mile.

I can say with confidence that by booking Gary you will most certainly be adding something special to your event. Please feel free to contact me should you wish to discuss Gary any further.

Yours truly,
