

We hired Gary, the pirate magician, to perform magic shows throughout the day during our Halloween Event. Gary was easy to work with, prompt and very flexible. His shows were funny and tailored to this audience.

Each show was interactive and had both kids and parents laughing along. Gary went above and beyond to accommodate our visitors and would even roam around the site, between shows, to engage visitors.

This was the second time we have had Gary perform at our site.

Thank you Gary, for putting on a great show for our visitors.
